Connect, Collaborate, Conquer

In a world where seamless connectivity drives innovation, CNC Expo is redefining the landscape of cable management and connectivity technology. At the 13th CNC Expo, you will witness the vibrant world of cable management and connectivity technology come to life!

This exciting event brings together the best in Cable TV, Broadband, OTT, FTTH, IPTV, and security solutions. It's the perfect platform for industry leaders, innovators, and enthusiasts to connect, share ideas, and showcase the latest advancements.

At the CNC Expo, you'll find a diverse lineup of exhibitors, from cable manufacturers to internet providers, all eager to explore new opportunities and forge valuable partnerships.

Join us and be part of the conversation shaping the future of cable net and connectivity technology!

Exhibitor Profile

Telecom & Mobile Communication

- » Carriers / Operators / ISPs / MVNOs
- » Bridges, Routers & Switches
- » Broadband Communication Networks
- » Cable & Cabling Systems
- » Connected Delivery Network (CDN)
- » Data Communication & Transmission Equipment
- » Fiber Optics Products & Systems
- » Measuring & Testing Instruments
- » RF Connectors & Antennas
- » Telecom Fibre & Accessories
- » Telecommunication System & Equipments
- » Transmission Equipment & Systems
- » Infrastructure and Network Providers
- » Telecom Solution Providers & Others
- » FTTH Solution providers

Information Technology & Security

- » Carriers / Operators / ISPs / MVNOs
- » Bridges, Routers & Switches
- » Broadband Communication Networks
- » Cable & Cabling Systems
- » Connected Delivery Network (CDN)
- » Data Communication & Transmission Equipment
- » Fiber Optics Products & Systems
- » Measuring & Testing Instruments
- » RF Connectors & Antennas
- » Telecom Fibre & Accessories
- » Telecommunication System & Equipments
- » Transmission Equipment & Systems
- » Infrastructure and Network Providers
- » Telecom Solution Providers & Others
- » FTTH Solution providers

Internet of Things (IOT)

- » Artificial Intelligence (AI)
- » Robotics
- » Augmented Reality (AR)
- » Virtual Reality (VR)
- » Application Development
- » Cloud Services
- » Connectivity Modules
- » Data Analytics
- » Data Science
- » Industrial IOT
- » M2M Solutions
- » System Integration
- » Platform Solutions
- » RFID, Security
- » Sensors
- » Telecommunications
- » Telemetry
- » Video Analytics
- » Wearables

Experience Tomorrow's Broadcast Technology Today!

In a world where technology transforms industries at an unprecedented pace, the broadcast and entertainment sectors are at the forefront of this revolution! The Broadcast Show Expo is your gateway to experiencing the latest technological breakthroughs, offering a rare opportunity to witness the advancements that often remain behind the scenes. This Expo is the perfect stage for innovators and creators to come together, share insights, and showcase developments reshaping the future of media and infotainment.

Join us at this year's Expo and be part of an electrifying journey through the evolving landscape of broadcast technology!

Exhibitor Profile

- | | | | |
|--------------------|---------------------|---------------------|---|
| » 2D/3D Animation | » DTT | » Lighting | » Streaming |
| » Asset Management | » Desktop Video | » MPEG | » Systems Design |
| » Archive | » Digital Film | » Mobile TV | » Television |
| » Audio | » Film | » Multimedia | » Test & Measurement |
| » Broadband | » Graphics | » Music | » Transmission |
| » Broadcast | » Grip | » Outside Broadcast | » Video |
| » Cable | » High Definition | » Production | » Visual Effects |
